Mr. John Neville, President Jamieson Mining Co.
Johnsville, Calif -

I am this my receipt of yours
from Johnsville via Quincy 15th advising me of
Special meeting of Board on 25th inst. for the purpose
of assessment of stock & I have duplicate of
same addressed to J. H. Obeyney at this office.
I am on his way to California expecting to be at
Palace Hotel San Francisco on 27th inst. Should
Sunday perhaps in that address to day. It is my
intention to be in Calif. thereof to attend as
arranged when I left S. F. beginning of January.
I had hoped that a meeting of the Board for assessment of stock
could be postponed until we could all get together
and learn exactly what the liabilities of the
Company amount to, same being I have not yet
been able to learn and I am unwilling to assent
to an assessment until such can be ascertained
and an estimate obtained of the amount of money
necessary to carry on the work.

Yours Truly
H. J. Obeyney
